

# TOP TREAD STAIRWAYS

## Bio

*Pre-built Stairway Solutions  
for California*

Top Tread Stairways is owned and operated by Clyde Martin. Clyde founded Top Tread Stairways knowing there was a better way to build stairs instead of on the jobsite.

With roots in eastern Pennsylvania, having installed several hundred pre-built stairways, Clyde headed west and was the co-founder and general manager of a successful residential construction company in California for 7 years.

After building 85 custom homes between Los Angeles and Bakersfield, Clyde stepped out of his construction office to pursue his innovative concept and dream of providing builders in California with pre-built wood stairways.

Clyde has since sold his construction business to completely focus on pre-built stairs.
